“ So sorry to hear of the passing of Mrs. Edmonds. She was always such a sweetheart and ready to fill in for me here at Northeast Jones Middle School when I needed her. I thoroughly enjoyed teaching her grands; because her love of people and life was reflected through them!

“ Barbara was a good friend during my time at Myrick and East Jones Elementary. She cared for the students and went above and beyond to care for her own children and grandchildren. Barbara was a lovely person; kind, friendly, hard-working and always willing to help others. I know her family will greatly miss her.
