“ I had the pleasure of working with Barry on Denbury projects over the past ten years. He was always able to find solutions to our unique problems drawing from his significant knowledge and innovative skills. His employees have always been hard working, knowledgeable, kind and trustworthy while working with us under Barry's leadership. He and Pryor Packers consistently supported my annual non-profit event even when times were tough in our industry. I send my belated condolences to Barry's family, friends and coworkers. He was a great man who will be missed by many.

“ So very sorry to learn of Barry's passing. I've known Barry about 30 years from oilfield business. One of my fondest memories was a trip to play golf in the Mississippi oilman tournament that Barry had invited me to come to. My wife went with me and Barry and his wife took good care of us while there. When we were ready to leave to go back to Texas Barry sent some great stuffed porkchops back home with us and boy were they good. we will keep the family in our prayers.
