“ *I will miss you, my dear Uncle, I loved you so much!*

I remember you always made the very best cornbread in the world! When we came down for a visit you always made cornbread for us, Also you had buttermilk to go with it. You also made sure to have ice cream for my Mom(your sis-in-law) I remember how kind you were to everyone. You always had a smile and a twinkle in your eye. you like teasing and making jokes. also I remember getting some of those love pinches you like to give out.

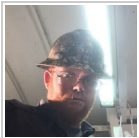

You loved my dear Aunt Ann so much and took good care of her until the day she went to heaven Now you are both together again forever. Rest in peace

“ The most wonderful Grandfather a girl could ask for! My Grandparents had a fairytale marriage, married as teenagers they held on to each other and we're best friends until death. Although I have amazing parents they were there for me, my Pappy was always my favorite, the arm of his recliner was my spot! We would shell peas there, watch wheel of fortune, eat candy and ice cream of course! I was his porkchop! Always joking and playing, he made sure I had every I needed and took me with him everywhere, usually on the tractor or in the back of his red truck. My childhood was filled with love and knowledge. I'll never forget those days. Love you Pappy rest in peace...
