“ *I met Billy a few years ago on Singsnap.com. Billy used to love to sing, hosts contests and create beautiful banner graphics. Billy was well known throughout the website and much loved by its members. Billy was such a genuine individual and although I never met him in person, I feel a close friendship and will miss him a great deal. My love to Sherry.*

ME

“ I want to share something he wrote:
"FALLING INTO FALL" we were asked to write about what we like about this time of the year and what it means to us. Fall is a very SPECIAL time of the year for me because after a blistering summer down here in the south where the humidity is so high you can almost cut the air with a knife. GOD in HIS infinite wisdom knows we as human beings need that lift in our spirits from all the heat, frustration and fatigue so HE gives us the CLEAN, FRESH, CRISP, REFRESHING air that rekindles not only our bodies but also our spirits. Also as I watch the blooms and the leaves give way to the approaching winter although they are dying they present us with some of the most amazing beautiful array of colors we have ever seen. I believe a small reminder like a wave goodbye from a loved one that tells us they will be back and we will see them soon. And yes it even makes me want to sing SILLY LOVE SONGS to the most wonderful woman I have EVER met . . .
This is what the FALL means to me . . .
