“Randy I had you in my life for 62 years and I will miss you walking up to our house. I thought I had to go everywhere with you when we were coming up. I even wanted to go on your dates but you wouldn't have that. Going to the fire Tower in sandersville climbing it seemed to be the thing back in those days. We were in shape then. I remember you would give me 5 dollars to iron your jeans when you had a date. I have so many memories of us and I will keep each one close to my heart. Until we meet again brother. Love you much
