“ I worked with Brandon for about a year. He was just hilarious with some mischivousness going on all the time. Alot of us have questions about his death as we were not able to attend the funeral or wake. Brandon was missed at work once he left but he will truly be missed now. Condolences to his family and friends! Its funny we hated and loved working together. He got on my nerves and I got on his but I knee I didnt want to work with any body else. Supervisors joked and said we loved each other... like that brother sister kind where you could choke each other but still care about each other after it was over with! I guess his work is done now! I love ya man! Say hey to my grandpa for me cause I miss him too!

“ Brandon was a very special "family member" to us. He was part of our family. For as long as I can remember he was always around, whether with Aunt Carolyn, or on the ballfield or at school. He was the best friend Koda had. He was always at our house. He even called my mama, "mammie", just like all her grandkids do. He always had a giggle or a smile for me. He was just precious. We will be lost without him.
