“*Brenda, my precious friend, you will be missed. Remembering all the fun times we had at church and school...I know you are not hurting any more and are reunited with your precious parents. I will never forget the nickname you gave me when we were little. “Cricket” and the reason you gave me that nickname. That will remain a secret between us..❤️. You will always be remembered with love and I have such great memories of us that I will cherish until I get to see you again in Heaven. I love you and Rest In Peace...God Bless you family....*

“*Brenda and her family have always been friends through the years at Plainway Baptist Church and the Westend community. She was so commented to serving her Lord. She touched many lives even through her years of sickness. God just took her hand and walked with her Home. God was there the first breath we took, and He will be there the last breath we take Thank you, Lord, for your Grace and Mercy!! Brenda, we love you!*
