“ Even though I had only known Cathy for about 6 weeks , I admired her concern and passion for her grandson Braedon. I have been working with him and Cathy was so appreciative to me. I will miss talking to her and discussing the many books she had collected. My deepest sympathy to Mr. David , Braedon, and their families.

“ My deepest sympathies to the family. Working with Dave and Cathy for these many many years, Cathy always had a bold, matter of fact approach that I always appreciated. Whenever we spoke she loved to share stories of her grandson. I will miss Cathy, and wish I had taken the time to talk to her more.

“ You have our condolences from all of us at Raffel Systems.
Richard Plastics was one of our first suppliers.
Cathy was always there for us and added the personal touch that so
many businesses no longer have.
She was a great person and will be missed
