“ Dear Edith Mae and Metta Ree, I was so sorry to see the news about Charlotte. I didn't realize that Keith had already died. I moved to Meridian, but still take the LLC. I pray God will comfort both of your families as well as Nick and his family. Charlene Boutwell

“ Dear Nicky, Wood was like another mama for me. I was sick to hear of her death. She was a "Godsend" for me and I loved her like a Mother. Every memory I have of her is a good one and I know she loved me. My childhood memories of you and Keithy are fun ones and I know Wood was so happy to see Keithy again. You will always be Nicky & Keithy and she will always be my "Wood". One day we will all be together again. I wish I had known she was still in Myrick. All this time, I thought she was with you in Slidell and I thought of her many times. She was a very special lady and will always have a special place in my heart. God bless you and your family and may He comfort you all as only He can do. Wood is with Him now, and He is with you.

“ Dear Nickie, I was so saddened to hear of Mrs. Woods' death. I have such wonderful memories of her quick wit and patience with us as children and young adults. For 30 odd yrs she was family and the only person I know of that could work with my Daddy! We all loved her dearly, and she has a special place in our hearts for many reasons. I called all my sisters to tell them and I think we all had a flashback of so many good memories for us. She swatted me more than once for sitting on her stool in the clinic. Jo talked about her baby squirrel . We will have you and your family in our prayers. I know life will be different now but she finished her race and ran it well. Ann Donaldson Knotts
