“ I worked with Debbie for many years in the coding department at the hospital. Because of Debbie paving the way for us, the coders at the hospital were able to start working from home. She was a very sweet lady that has been missed since she retired. I am so sorry for your loss as a family. My thoughts and prayers are with you during this very difficult time.

“ I am so sorry to hear about Debbie's passing. She was one of the sweetest, kindest people I have ever met. I had the pleasure of working with her for many, many years at the hospital as coders. We had lots of good times and lots of laughs. She was the first employee that I sent home to work for a trial basis - today many have been able to go home and work because she set a positive image for us to move forward and to her many of her previous co-workers are grateful. Ms. Mae you are in my prayers and I have always thought a lot of you. God bless you and your family! Kim Smith/Laurel, MS
