“ *To Barbara and the whole family, my thoughts and prayers go out to you all during this difficult time. I had not talked to Aunt Dolly in a while but always enjoyed our conversations and her great knowledge of our family history. She could remember dates and names like no other. She shared so much with me and I will always be grateful for those talks. She always had a beautiful smile and laugh for you every time you talked to her or were around her. She informed me of where the red hair gene came from in our family. She was a book of knowledge and a true joy to be around. I will truly miss her and I loved her very much. My prayers and thoughts are with your all!!!! Kathy Purvis Caldwell & Family*
