“ I am very sorry for your loss. I have a lot of good memories with Doug during our time at Otis Engineering and playing softball together. Doug could always find humor in every situation and could always make you laugh. May God wrap His loving arms around each of you during this difficult time and provide comfort. God bless.

“ We were so very sorry to hear about Douglas passing. Had we known it, we would have been at the funeral this morning. We grew up in the Hebron Community, knew their parents, went to church at Pleasant Ridge, then on to Calhoun elementary with the 3 kids. Denise, Douglas, and I were in the same grade. Also, spent much time back and forth at their house and mine. I have missed our good Pleasant Ridge days, the teachers, the friends, & the cafeteria food was the best ever. To have had homemade rolls with butter on the table was just the best!

*Denise was one of my best friends during that young age. Where have those days gone? And doesn't seem possible that Douglas is gone!*

*Denise please get in touch with me, I'd love to reconnect with you and others from those days. We love you and am sorry we were not there for your family this morning.*

“ Doug and I were in the same 3rd grade class at Pleasant Ridge. The teacher sometimes let a student carry the classroom key (as I remember) to the lunchroom at lunch. That day she decided to let whoever worked a math problem correctly on the board the fastest carry the key. It was between Doug and I and I won. I cherish that memory of him.
