“ So very sorry to hear of your loss of Earnest. I remember him from many years ago when we were in the Jaycees together. This one is for you Big E. “We believe that faith in God gives meaning and purpose to human life. That the brotherhood of man transcends the sovereignty of nations. That economic justice can best be won by free men through free enterprise. That government should be of laws rather than of men. That earth's greatest treasure lies in human personality. And that service to humanity is the best work of life. HOY! We shared this outlook with each other on many a night back in the good old days. Rest in Peace and be healed in the arms of Jesus my old friend.
