“ *The last time that I saw Evelyn was when we ran across each other at our eye surgery check up. When she walked through the door her face just lit up as I am sure that mine did too! It had been so long since we had seen each other. We talked as much as we could in that short wait and she asked her son to give me her phone number as she went back to see the doctor but as it turned out I couldn't read his writing and didn't realize it until I was home. He tried though! I did find her on Facebook though. Evelyn was a happy and warm person and I was so glad that we had gotten to know each other when our children were young. I know that this is a long story but that's how we both were..."talkative". I will miss her and am so sorry that her time on this earth is over. I hope to one day see her beautiful smile again.*
