“ *Very fond memories of Aunt Georgia going back to Salina Okla. I always remember her smiles at grandma's place. We would get together for Thanksgiving and the house was truly very small. Somehow, looking back I can remember the house full of family. Aunts & uncles cousins everywhere. This was so important for me not knowing my own dad the only family I would have is mom's side. That is how I got to know them. All pulled together with one women at the center grandma Bowen. These memories of cousins playing at the school and eating where the main reason we put together the "FAMILY BY DESIGN" family reunion for over 13 years, in the same spot Snow Dale State Park in Salina Oklahoma. Most of the kids then have grown up in their 60's now. My how time passes. Georgia will be missed by many she had an influence on. But we that have that great hope that one day we will see her and all those that have gone before us. Nephew, Tom Benton / 12-28-24*
