“ So very sorry to learn today of Gerre Ann's passing. I worked with Tim many years ago, and was not aware that he'd passed, also. My job required me to spend a great deal of time in MS. Whenever Gerre learned I was in town, she insisted I come spend evenings with her and Tim, where she always made me feel at home (and always sent me packing with tupperware full of home cooked food...which always included utensils and pretty napkins). She made sure I was not "alone" when my work required I be away from my family. I'll always remember her with fondness, and I send my sincerest sympathy to her family.

“ My deepest regrets to the family. Gerre Ann was married to my good friend Tim. We worked together at the Dallas Police. Love Gerre. Last saw her 2 years ago when we stayed the night with them in Laurel. Ate dinner many times at her home and when I was single and ailing made Tim come to my apartment and take care of me. Sent me chicken soup. She was always the consummate lady. I just found out about her passing through a friend. My wife and I loved her very much.

“ May you touch fireflies and stars, and dance with fairies, and talk to the moon. Our world is a little dimmer without you my friend.

“ There will never be another so glamorous
Taught us girls how to wear our shoes that matched our outfits that
then matched our jewelry Gerriann could make a T-shirt and Levi’s
look like it was fresh off the runway. “She got a way about her”.....
