“ James was one of the first people I met when I moved to MS. We rode the school bus together. He was always kind. So kind that as the “new, shy girl” that when I got on the bus I’d look to see where James was sitting. I knew there would be conversation for the long bus ride home and that I would be safe and he would be kind and it would be a good bus ride home. Our paths went different ways after high school but I never forgot James and cherished the memories of him. My condolences to all of his family.
