“ My grandmother was a wonderful, caring person who was a precious woman to all of us who knew her. My fondest memories of her were how special she made all of us feel at Christmas. I will always remember the mounds of cookies she used to bake and her teaching me and my daughter how to make them with detail in each of the recipes. I have a lot of special memories that are dear to me but the ones where we got to share one on one time and talk about her trips when she was younger, our love for LSU sports and her research on our family tree will be some that I will always treasure. I will miss my dear mamaw but I know she is resting now and we will all miss her and are thankful for what memories she gave to each us of us.

“ When staying with the Prather family as a child I remember Jeanne taking the younger children to play on the Mississippi Gulf coast and sea wall and moving from there to Laurel with the family. She taught me how to swim as a swimming instructor in the Laurel pool. Jeanne and Ann were the older sisters I never had. I'm sure they saw me as the pesky little cousin they had to look out for!. I will miss our many emails and long phone calls sharing and comparing notes on the Conerly and Lee Family Trees. H.T. and I enjoyed the times we shared with Jeanne and Bruce in our home, the river house and in Denham Springs. We share your loss and are thankful for the good memories and knowledge that she is now at peace in a better place.
