“ My mother Jillian was so precious to me. Her heart was filled of gold. She had the most beautiful smile in the world, the most beautiful long wavy red hair. She loved tattoos, momma had so many. She was addicted, literally from head to toe. She had so many different personalities, so unique. Momma had so many achievements. She was a recovering alcoholic, for many years she fought that demon, 8 years plus sober. Momma went to school for drug and alcohol counseling, graduated with a diploma. She loved her family so so much. She would do anything and everything for her family. Momma was a big animal lover. She had hundreds of animals. Her heart was so big, she meet plenty of friends on her journey's in life. She touched so many people's hearts and souls. She had such a fun sprit and was so young at heart. Momma had a hard childhood growing up, having kids at a young age made it tougher I'm sure. She had alot of UPS and downs in life, Which only made her the strong woman she once was. Momma worked plenty of job through out her life time: postal service, Ford's, waitress, life guard and tons of more. She worked so hard, for so many years. Momma was married and divorced. She lived in Michigan most of her life. Moved to Florida for a little while then back to Michigan. Momma raised her 6 kids in Michigan for most of our lives. She moved to Mississippi when she meant the love of her life Joe. She then took on the homemaker lifestyle and raised her two youngest with Joe. Momma loved her life down yonder. Her and Joe loved each other so much. Many have grown to love Jillian Gruber and many will continue. Momma I love you so much and miss you more than ever.
