“ My Dad was the high point in mine, my Moms and my sisters life and we miss him very much. I remember when me and Terri were younger and he attended Texas A & I in Kingsville tx. As a prerequisite, he took a physical education class and was playing Tennis. Terri and I loved to make the trip with Mom and watch him play. We love you Dad.

“ My older brother(always Jackie to us) was a wonderful person who would help anyone who was in need. As a Navy man, he visited many foreign ports of call and had many adventures with his sailor friends, but he always came home to Alabama. Although we did not grow up together, I have vivid memories of the times he was with us. One year he rode his Harley to California to visit. That was a tough ride. Another time he brought his new bride, Shirley Sue to meet his California family. One of my favorite memories is when he rode his Harley to Minnesota to visit me and my husband. That was a cold trip he said. We took him on a whirlwind tour of the twin cities, eating at our favorite places and seeing all the sights. One morning he reached down and gave our dog Max a piece of bacon. Then he put his hand down to pet him. Max bit his hand. I was so mortified and upset I didn't know what to do. Jackie said something funny to Max and we all laughed about it. Jackie kept the five of us siblings connected and before he passed he said that job was mine now. Although I am very sad, I am so grateful to have had these years with him. Love you big brother, I'll do the best I can.
