“ *Sharon Anderson Howard*
I met Johnny Pryor five years ago, at Trinity Baptist Church. Immediately I was smitten with him and I believe that he was with me. We dated and became very close as friends and confidants. I fell deeply in love with him. Losing him has been the hardest loss that I have ever endured in my lifetime. I will always love him. I know in my spirit that Johnny is happy with the Lord and knowing this makes me happy. I will always miss him and our expressions toward one another. I know that he loved and cherished his children and wanted the very best for them. Johnny tried to help many people, because he truly cared about the welfare of others. I will miss him until I draw my last breath upon this earth. I talked to him a few days before he died. I shall always miss him. God bless you, my love. Please never doubt my love for you. Rest In Peace. One day, I hope to see him again in heaven. Sharon Anderson Howard

“ Johnny P., you will be missed by many. I first met Johnny when he was working in his dad's pharmacy across from my dad's Barber Shop. Such a wealth of knowledge, as he got older, he was my go to person for all medical questions that I couldn't figure out. He loved helping people, he helped me through a very difficult time in my life, as he did many others. He was not perfect, none of us are, but this I know, he LOVED God! He is up in heaven, grinning from ear to ear having all his questions answered. Enjoy Heaven sweet friend, you left us way to soon!

“ I think of Dr Pryor as a brilliant, talented and giving man. He treated my brain aneurysm about 20 years ago and remained a man I will always think of as a friend. I hope his family knows the life saving work and the joy he brought to so many patients like me. May he forever be at peace. Joanne Struzziery, Boston, Ma.
