“ *Happy Birthday Kelvin*

“ I am Carla Roney, Kelvin's wife.

Infinity, for my husband:

I know we're still connected, because I feel you in my heart.

You stay in my dreams, even though we're far apart.

*I still find myself talking to you in my sleep, even though your now
sleeping*

six foot deep.

I wish I'd got to hold you once more before you went, but

I know you couldn't stop the angels that God had sent.

*By the time they'd made their way to escort you to that gate,
there was no hesitation, no time to wait.*

Yet, I know we're still connected, cause I feel you in my heart;

And I know that I'm protected even though we're far apart.

*So, no matter where I go, I'll always know that I have an extra angel
by my side.*

For infinity, that's our promise, our trust, no lie;

That meant for us "connected" even after we die.

*I miss you, Kelvin and our crazy life, I even miss your mother. I miss
the tall pine trees and watching the deer come to the porch.*

Listening to Kiss, loving one another and trying to make a future. I

miss your smile, your inner peace, I miss your arms around me. I

*miss you, my husband. I think you know that I love you, but if you
don't, you should know you have the best piece of my broken heart.*

Kelvins for infinity,

Carla R. Roney

XOXO
