“ *I worked with Larry for many years at the Bureau of Land Management before I retired in 2010. Larry was the most knowledgable member of the GLO staff. He took great pride in the quality of his work. I really enjoyed working with Larry and I'm sorry to hear the news. He was so excited to retire and move to Laurel Mississippi.*

“ My cuz Larry was only 3 months younger than me. His mom and mine shared the same doctor before we were born. His mom, my Aunt Iona was a saint and second mother to me, hosting my adolescent rebel spirit every summer for a decade. She and my Uncle Harry (with their kids (my cousins from another mother to me as an only child) taught me about compromise, responsibility and work before play. I also learned to can peaches (my favorite to this day) (thanks Aunt Onie) and music (thanks cousin Larry and Carlie).

We shared special memories. He walked my mom down the aisle at my wedding. I saw him get his college degree. He hugged me when my mom passed and I hugged him when his dad and mom passed. Larry's passing is a sad reminder that time on earth is fleeting and we should hug those we love.

Rest In Peace Cuz. I regret we didn't work harder to stay in touch.
