“ I worked with Laurie at Waterways Experiment Station in the Examination Section. She was a very sweet person and shared information with you. She was the reason why I started investing in my 401-K plan at the age of 30 years old! She will be missed.

“ Where do I start. We met in elementary school and was best friends through school. She was in my wedding. I remember staying at her Grandmothers house on weekends, or she was at my house. I'm keeping the family in my prayers.
