“ It’s difficult to have “a nurse” as a family member or even a friend. They consistently give themselves freely to others. Miss Tubbs was no exception to this known fact. I loved watching her as a nurse educator. Her smile when a student realized they had the answer is unforgettable. Her eyes twinkled in that moment and it was magical. Today as I watch students, residents and experienced nurses learn I am reminded of that “twinkle” that Miss Tubbs expressed. I hope to never forget that every day there is an experience that deserves that smile and twinkle that she shared with so many.

Thank you for sharing her with the nursing community. I am forever changed because of her. My nursing habits are because of her. My thoughts and prayers are with you during this time of loss and great celebration of one amazing woman.

“ *Mrs Tubbs was tough but had a big, soft heart. She loved those babies at Ellisville State School. She scared us on a regular basis, made us all feel unprepared, no matter how much work we had put in the night before. I remember she told me the reason was because it didn't matter how much work we did to prepare for the patient, the patient is human and you never know what they need until you're there with them. The lessons she taught us were priceless. I remember hearing about her diagnosis and that she wouldn't be teaching anymore and thinking how fortunate I was to have had her teach me. My favorite memory, though, is walking laps for her with her family at Relay for Life.*

“ *Gerry and family,*

*I pray that God will give you the peace that passes understanding in this time of adjustment.*

*Leslie touched the lives of many colleagues, and countless people through her nursing students, as she shared her quick wit, sense of humor, and compassion for others. Everyone has different memories, but all observed her humor and passion for life. Her spirit lives on in our memories as we realize that Leslie, although gone from our midst, has become a new resident of heaven with no more pain or struggle.*

“ The toughest nursing instructor ever but she made me prepared for anything and I’ll never forget!! I did get a laugh out of her when I showed up for clinicals without my whole uniform on!! “Well Stephanie, I’ve had plenty of student show up unprepared. I’ve never had one show up undressed” She was so tickled she didn’t send me home! So sorry for her family’s loss!!

“ So sorry for your loss Mr Gerry! I remember us laughing about her strong will that night at Catfish house as you rocked those overalls. You always tried to get a shock from her previous students by saying she was your wife! Just to see what they would say! I know she was tough and expected a lot. We were the future and she wanted us to be prepared. I’m a better nurse because of her. I hope to be the nurse she was. She was an amazing educator and comedian. Loved her dearly and will miss her!

“ Mrs. Tubbs. You will never know how much you taught me in nursing. The lives you have touched through the years at Jones...and through those student nurses you touched even more than you could ever know. You made a difference in this world. You will be greatly missed. Thank you for everything. Jo Ann Hinton Drennan RN, MSN JCJC Class of 1994 ADN. <3

“ Leslie fought the good fight for so long, and God decided it was time for her to go home. I am forever grateful for all the guidance that she provided me as a new teacher. She would come in my office and sit down and talk to me and share her wisdom. The nursing and nurse educator profession have lost a legend. Love you and will miss Leslie!
