“ Deepest sympathy and love to Lynn’s family. We worked together in the pathology department for many years. She submitted and prepared glass slides from surgical specimens. She was meticulous in her work. She did whatever needed to be done and was always professional in her manner. She was a kind and caring friend.

“ Deepest sympathy to family and friends. Lynn was a very nice person. Our dads used to take us with them fishing when we were young. We played on bank. RIP Lynn.

Lynn was my mother’s dear friend. For many years she was always there for my Mom, always “on call” to take care of her. I didn’t live close. I’m so thankful Lynn was right there and was part of my mother’s life.
