“ *I will never forget her kind way of explaining to me, as a child, why I should not be scratching a Billie goat's yellow beard. I don't know how she held back the laughter through the explanation especially since I pursued additional questions with sincere interest!
Laughter was quite heavy in the background so her restraint was admirable. Even today, at my advanced age, I laugh when I think about it.
She always had a kind and encouraing word when needed.*
