“ *Oudia, Gary, Lana & Your Families*
I just wanted to let you know that your in my thoughts and your Mama was one of my favorite people not just cause she was Mama Reeves sister but because she made me laugh. She always said Clark Gable was more handsome that Elvis, but I never quit giving her a hard time about that.
I know that all of you have lots of special memories and I hope those will get you through the days ahead.
I Love You All, Jan
