“ If you sent a pot plant and don't get a thank you card, please forgive us! Someone took plants before we could get back to get them yesterday afternoon.
Also, our most sincere thanks to Mr Langley for his heartfelt eulogy in the absence of a pastor.

“ Richie and Scott, we were so sorry to hear about your mother. Such a sweet and soft spoken lady. We thought a lot of her and your daddy. Worked with him for years. Please know our thoughts and prayers are with you now and in the coming days. Love to you both.

“ Mrs. Green was a wonderful administrator for me as a young choral director at Quitman Junior High. She always took care of me as if I were one of her sons. One day at lunch she sat down across from me and said in that sweet, long southern draw, "Robby, you get to teach something these children get to do for the rest of their lives, sing and make music. How special is that?" Her comment to me still rings in my mind today. I have so many fun stories, too many to share. It was a sad day for me at work when she called me in her office to tell me she was retiring. I begged her not to go. To her sons, thank you for sharing your sweet Mother with me!! I will always cherish my time working with her.

“ She made my last two years of high school so special. She was our home room teacher both years and her wonderful smile got us started each day. I'll never forget how she let us have fun right up until she had to rein us in a bit so she could teach us not only book smarts, but how to adult a little. I'll always remember you with a smile, Miz G! FLY HIGH!

A very dear friend from way back when our boys were little. She had a quiet sense of humor and we had our moments when we insulted each other. She was always there in her quiet way at the sad times. She told me one time that she showed her love for me when she brought her fresh corn to a lunch we had.(a private joke!) I will miss her.
