Bless her heart. She was taken care of exceptionally well by her ex daughter-in-law, Rose Mitchell. Rose stepped up to the plate and took care of Ms Pollie when no one else would. She fought to get her on hospice services so that Ms Pollie could be taken care of at home instead of having to go to a hospital or a nursing home. Something that her son Bobby promised her that she would never have to do. I wish everyone with dementia could have a Rose 🌹 in their life.
