“ I am deeply sorry for your loss.

I'm Linda Parker Foshee. I grew up west of Laurel near West Jones School but I've lived in Hattiesburg for more than 40 years. Shelia Ann's face looks very familiar; I could tell from her photograph that she was a person who loved life and people, and lived her life to the fullest.

Why did I write? I wanted to thank the person(s) who wrote the obituary, especially for the meaningful sentiments at the end. They were perfect. Indeed, the best way we can honor our loved ones, is to give the love she can no longer give to someone who needs it. There can never be enough love in this world.

"Never meeting a stranger, she touched many lives with her love of life, listening ear and contagious laugh. In remembrance please cherish the ones you love, see the good in others, provide that listening ear and always be kind above all else."

. . . "For things of value do not list and die and end, but blend into the Great Continuum, called God by some, by others left unnamed lest naming limit and define the endless goals of Love."

*Peace be with you,
Linda Foshee*

Thank you from the Webb Family! We are deeply affected by what you wrote. This means a lot to us. Mom was and still is full of love. Although she is gone in body, she is watching over us with a laugh and a smile!
