“ *Shelby was my godmother and she was very protective over all of us. I remember a time in Virginia when she told my girlfriend at the time that if she didn't treat me right that she would go after her, in a playful but serious manner. It's comforting to know she had my back whenever I needed it and cared enough to be involved with how I was treated in my relationships. I miss Shelby very much and I will always love her.*

“ I first met Shelby at joint base Lewis-McChord mchord where here sister and BIL were stationed. We just moved in down the street from them and I brought my youngest to play at the park. Shelby happened to also be at the Park with her niece Maxine. This is where our story began. This is where the good Lord blessed my family and I with this amazing human being. Shelby and I became quick friends which was easy because Shelby was always a welcoming Person. She was someone who was so kind hearted and always did good. We became very close and over the years always seemed to find ourselves in the same places. Our friendship blossomed into family and she became the godmother to my children, Sariah, Damon and Analiz. We all loved and adored Shelby. I will forever cherish the many memories I have of Shelby. Always in my heart my love. I will forever love you hun. Be at peace and know you made a huge impact and blessed so many. Yours truly The Davis family

“*Shelby came along with us camping a few times over the years, which was so much fun, kayaking, tubing, etc - had a great time. One morning after a rain/wind storm, Shelby noticed that most everyone’s American flags on their poles at their sites were twisted up. She asked me if I would join her to go to each site and untangle the flags. It was touching and very memorable. I’ll remember her always for that. She was a gem.*

“*I had the pleasure of meeting Shelby on a weekend camping trip. I will always remember how she pulled me from the water after I fell out of my kayak. Shelby was fun, kind and left no one behind. May she rest in peace.*

“ My favorite memory of Shelby is.... We were getting ready to head out to church and Shelby had Brett cornered by the door, gave him a kiss on the cheek and said “ I’m going to marry you someday!” With the biggest smile, Brett was scared to death lol. She was probably somewhere between 6-8💜💜

“ We graduated High school together in 2010, we got our cosmetology license together in 2011. You went to my wedding and saw my kids grow up. Everytime you made it back to Iowa we saw each other and gave each other the biggest hugs. You were a friend to many a sister to me. I will miss you my flaca, and your red lips, red hair, and that big smile you always had.
