“ My Name is Karen Kennedy. I lived with Susan and next to Susan in Memphis TN. Susan was a huge part of my and my sons life for many years. I lost touch with her after I had my daughter because of the life situations. Susan was my sons God Mother, She was always there when he or I needed her. I looked for her when I came back around and could not find her for years. I found her today. I am so grateful we got to know her. Jordan loved going to Stacy and riding the horses. Susan was one of the best people I had know in many many years. Heart was pure gold! I love you Susan. Jordan and I have talked about you for many years. Years and miles we were apart but never apart at heart.
