“ My most deepest condolences to all the Hammonds family. I had the privilege of knowing Terry and being a part of his sales team for almost 30 years. The first time we met was like we had known each other for ever , a bond that I'll always remember. There's not much I can say that wasn't said in his obituary. I also had the privilege of meeting George and Mark, also great men with a great outlook on life . My thoughts and prayers are with all the family for comfort and peace . Just know that Terry is in a far better place than we are and is not suffering. God be with you all 🙏❤️😞

“ *Terry was a tremendous leader and friend but the most important thing is he developed a close relationship with the Lord during his illness. we prayed together several times and he assured me he had peace in his heart that no doubt came from the Holy Spirit. Prayers of comfort and grace for Diane and family.*

“ *Terry has been a true friend and co-worker. I treasure and appreciated both. Many stories about Terry over the years, but one of the funniest was the first time I meet Terry. It was in 1985. Jim Miller had sent Terry to Meridian, Ms to show me where all of the accounts were on a distributorship I was taking over. Terry was filling up with gas in a worn out Econoline Van Mr Phillips had him driving before he would get his company car. Terry said Mr Phillips believed if he drove the van for several months then he would appreciate his new company car more and take better care of it. The funny part was after Terry filled the van up with gas he laughed and said, now I have to fill the oil up. Will miss my friend Terry.*
