“ Tripp, I just want you and all your family to know how very sorry I was to here about your mother. I didn't see her often after you and Michael left Immaculate but whenever we ran into one another we always had a great time visiting. You know most of the conversation was about our boys! She was always a bright spot in my day anytime I saw her and I will always have good memories of my times with her. Please know that your family will be in my prayers.
