“ I am so sorry, to hear the passing of Tim. I visited with him, earlier this year, at SCRMC. What he did, as an adult, is an example to all of us. The man, who was often picked on when in elementary, chose to dedicate his life, to help others, as an adult! To me, that speaks volumes, to the man! God bless you, Tim.

*I'm going to miss you cuz. We had great times every time I visited laurel. From playing hide and seek with the other cousins during childhood, to mischief during teen years, to exploring our family history during early adulthood, and to both of us having families of our own. You were simply a staple when visiting and it will never be the same.*

*Tim and I haven't seen each other in years, however, we still spoke on the phone a few times a year. I last spoke with him a couple of months ago and we actually talked longer than we previously had before. If I recall, it was almost 2 hours. As always, he loved to talk about Tia and kept me informed about her life. she was everything to him. We talked about family history. We talked about wanting to take a trip to the Tennessee mountains (God's country). It was amazing the positive vibe he still had during while having all these health issues. He was a fighter, kept his head up high, had a great attitude, and was in peace.*

*It will never be the same without you. Thanks for the all the memories cuz!*
